

A photograph of an elderly woman in a bright orange sari kneeling on a stone ledge at the edge of a well. She is looking down at the water, with her hand resting on the stone. The water is clear and reflects the surrounding environment. In the background, other people are visible, some sitting on the stone ledge and others in the water. The scene is set outdoors, likely in a rural or semi-rural area.

Mobilisation citoyenne lors de conférences internationales sur l'eau
